

TAKE CONCRETE FINISHING TO THE NEXT LEVEL!

The TITAN trowels have evolved over decades of research, testing, expert engineering and contractor feedback direct from the slab. We machine the tightest tolerances in the industry, which allows for a lighter machine that is effective without needing the extra weight that many others use to compensate for poor design.

TECHNICAL SPECS

Model	TITAN88		
Blade Configuration	Finishing / Overlapping Blades		
Power Source	Kohler CH730	Kohler CH740	Kohler ECH749
Power Output	23hp	25hp	26.5hp
Blade Speed	180 rpm		
Weight	894lbs (406kg)		
Operating Weight	930lbs (422kg)		
Float Blade Size	10" x 18" (25cm x 46cm)		
Finish Blade Size	6" x 18" (15cm x 46cm)		
Combo Blade Size	8" x 18" (20cm x 46cm)		
Float Pan	-		
Length	88" (224cm)		
Width	48" (122cm)		
Height	46" (117cm)		

FEATURES

- Heavy-duty gearbox provides a longer life and less maintenance
- Twin stick, multi-directional levers deliver immediate, responsive steering
- Water spray system
- Compact transport system
- LED Lights in front and rear
- Compatible parts to reduce parts inventory
- Interchangeable steering positions for operator preference
- Under seat safety switch
- Grizzly Blades included
- Multiple engine choices
- Lifting hook under the seat
- Overlapping blades removes the gap between the two sets of blades, eliminating the need for a second or diagonal pass
